

PENGFEI LI

Email: Pengfei.Li@utah.edu

LSSB, room 3232, 270 S 1400 E, ◇ Salt Lake City, UT 84112, USA

RESEARCH INTEREST

Galaxy formation, large scale structure, and cosmology

Ly α radiation as a cosmic probe

EDUCATION

University of Utah

Sept. 2021 - Present

PhD candidate

Advisor: Prof. Zheng Zheng

Department of Physics and Astronomy

University of Science and Technology of China (USTC)

Sept. 2020 - June 2021

Graduate student

Advisor: Prof. Huiyuan Wang

Department of Astronomy, School of Physical Sciences

University of Science and Technology of China (USTC)

Sept. 2016 - June 2020

B.S. in Astronomy

Advisor: Prof. Huiyuan Wang

Wang Shouguan Talent Program in Astronomy,

Department of Astronomy, School of Physical Sciences

PUBLICATION

In preparation

[1] **Pengfei Li** and Zheng Zheng, *Emulating extended Lyman-alpha haloes around star-forming galaxies II: modelling integral field spectroscopic observations from surface brightness profiles to radially binned spectra* (expect to be submitted in November 2026. The submission progress will be updated on Pengfei's website: <https://pengfeiliastro.github.io/publication.html>)

ACADEMIC ACTIVITIES

Oral presentation

- USTC Astronomy seminar** Dec. 11, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
University of Science and Technology of China, Hefei, China
- Galaxies & Cosmology seminar** Dec. 4, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
Tsinghua University, Beijing, China
- NAOC seminar** Dec. 3, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
National Astronomical Observatories, Chinese Academy of Sciences, Beijing, China
- Science talk in PHYS 4730 (Computational Physics I)** Oct. 31, 2024
 Talk: A Bayesian framework for modeling the gas around star-forming galaxies
University of Utah, Salt Lake City, USA
- Kochel Cosmic Lyman Alpha Workshop** Sept. 30-Oct. 4, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
Kochel, Munich, Germany
- DHWFEST**
- Dark, Hot, Warm, and Fuzzy matter in Space and Time** July 15-17, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
University of Utah, Salt Lake City, USA
- AIP CGM team meeting** May 22, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
Leibniz Institute for Astrophysics Potsdam, Potsdam, Germany
- MPA Cosmology seminar** May 14, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
Max Planck Institute for Astrophysics, Munich, Germany
- “Some Like It Hot!”**
- A Journey from the Hot IGrM to the Multiphase CGM** Apr. 22-May 3, 2024
 Talk: Emulating extended Lyman-alpha halos around star-forming galaxies
The Munich Institute for Astro-, Particle and BioPhysics, Munich, Germany

Oases in the Cosmic Desert:

Understanding the Structure of the Circumgalactic Medium Feb. 21-24, 2023

Lightening talk and poster: Understanding the Circum-galactic Medium by Emulating

Extended Lyman Alpha Halos

Arizona State University, Tempe, USA

The 22nd Guo Shoujing Galaxy Cosmology Symposium Nov. 21-23, 2020

Talk: Characteristic Mass in Galaxy Quenching: Internal versus Environmental Effects

Zhuhai, Guangdong, China

UMass Summer Internship Talk July 18, 2019

Quenching of Star Formation: Internal versus Environmental Effects

University of Massachusetts–Amherst, Amherst, USA

Others

The 23rd Guo Shoujing Galaxy Cosmology Symposium May 14-17, 2021

Hangzhou, Zhejiang, China

TEACHING

Teaching assistant

Intermediate Mechanics, PHYS 3010 Fall 2026

General Physics I, PHYS 2010 Summer 2026

Intermediate Mechanics, PHYS 3010 Fall 2025

General Physics I/II, PHYS 2010/2020 Summer 2025

Computational Lab, PHYS 2235 Spring 2025

Computational Physics I, PHYS 4730 Fall 2024

Tutor

Electrodynamics I/Quantum Theory I, PHYS 7110/7220 (voluntary) Fall 2023

Electrodynamics I/Quantum Theory I, PHYS 7110/7220 Summer 2023

Electrodynamics I/Quantum Theory I, PHYS 7110/7220 (voluntary) Fall 2022

Mentor for undergraduate research

Nathan Michael Mansfield

SERVICE AND OUTREACH

Reviewer in training, Monthly Notices of the Royal Astronomical Society

Local organizing committee for DHWFEST July 15-17, 2024

AstroCoffee organizer Fall 2023 - present

GSAC officer Fall 2023 - Spring 2025

REFUGES Program, Astronomy Section June-Aug., 2023

Six talks of 1.5 hours each.

University of Utah, Salt Lake City, USA

Astronomy Summer Camp for High School Students

June 29, 2023

Talk: New Views of the Cosmos from James Webb Space Telescope (JWST)

*University of Utah, Salt Lake City, USA***Astronomy on Tap Salt Lake City**

Sept. 10, 2024

Talk: Cosmic Construction: from dark matter to bursting galaxies

*HK Brewing, Salt Lake City, USA***HONORS AND AWARDS**

Outstanding Graduate Teaching Assistant for Exceptional Fulfillment of Teaching Duties Spring, 2026*Department of Physics and Astronomy, University of Utah***Outstanding Graduate Teaching Assistant for Exceptional Fulfillment of Teaching Duties** Spring, 2024*Department of Physics and Astronomy, University of Utah***Swigart Summer Research Fellowship**

May-Aug. 2022

*Department of Physics and Astronomy, University of Utah***Outstanding Student Scholarship, Grade B (10%)**

2018-2019

*School of Physical Sciences, University of Science and Technology of China***Outstanding Student Scholarship, Grade C (20%)**

2016-2017

*School of Physical Sciences, University of Science and Technology of China***Outstanding Freshman Scholarship, Grade C (20%)**

2016

*School of Physical Sciences, University of Science and Technology of China***TECHNICAL SKILLS**

C/C++, Python3, L^AT_EX, machine learning algorithms, Gaussian Process, Bayesian analysis
